The CNC Rod is an elegantly designed, professional grade wrench/handle with a 32mm hex opening. Constructed from extremely durable and highly functional CNC-machined aluminum, it's designed for use with our two-way bottom bracket and cassette tools. A machined set screw (tightened by hand or 6mm hex) holds tools in place. Elegant high-polish silver anodized finish.

12.03.2013 - Bike Magazine Tweeting About Lezyne

Bike Magazine gave a little love to Lezyne's shop-quality CNC Rod and BB/Cassette tools in a tweet the other day.

"Lezyne bills the CNC rod as 'shop-quality' and it is a thing of beauty." Get a look at the full article here and remember to follow Bike Magazine and Lezyne on Twitter for more updates and articles.
